

PSJ2 Exh 80

SOP #:	SOP- 8277
TITLE:	Suspicious Order Monitoring - DEA Order Holds

1. PURPOSE

To specify procedures for reviewing, investigating and releasing TEVA US DEA Order Holds for controlled substances via the ORACLE system and the reporting of Suspicious Orders to the DEA.

2. SCOPE

These procedures apply to the following TEVA Pharmaceuticals personnel:

	North Wales, PA	New Britain, PA
DEA Compliance & Diversion Operations	X	X
Customer Service	X	

3. SUMMARY OF REVISIONS4. REFERENCES

21 CFR 1301.74(b) states that "the registrant shall design and operate a system to disclose to the registrant suspicious orders of controlled substances. The registrant shall inform the Field Division Office of the Administration in his area of suspicious orders when discovered by the registrant. Suspicious orders include orders of unusual size, orders deviating substantially from a normal pattern, and orders of unusual frequency."

5. DEFINITIONS

DEA: Abbreviation for the Drug Enforcement Administration

SOM: Abbreviation for Suspicious Order Monitoring

SORDS: The Acronym for TEVA's SOM Electronic Monitor System

SUSPICIOUS ORDERS: Includes, but not limited to, orders of unusual size, orders deviating substantially from a normal pattern, and orders of unusual frequency.

SOP #:	SOP- 8277
TITLE:	Suspicious Order Monitoring - DEA Order Holds

PENDED ORDERS: Orders that have been stopped in real time because they breached Teva's SOM algorithm. "Pended" orders are deemed "on hold" until they are investigated. DEA Compliance personnel are the only employees that can review and approve pended orders for DEA Holds.

SUSPICIOUS ORDER OVERSIGHT TEAM: A predetermined team comprised of a representative from DEA Compliance, Customer Service, Legal and Customer Account Management. Certain situations may warrant the addition of other business units at the request and invitation of DEA Compliance.

DNS: Abbreviation for the Do Not Ship List.

6. PROCEDURE

Responsibility

Action

6.1 Electronic Order Monitoring (SORDS)

DEA Compliance

6.1.1 Controlled substance orders for all Teva customers are individually analyzed via the SORDS system which uses internal computerized statistical calculations to determine whether an order could possibly be of unusual size, pattern or frequency.

6.1.2 Any order(s) that has exceeded the SOM business rules in SORDS are electronically pended in ORACLE.

6.2 Investigative Review of Pended Orders

6.2.1 All pended orders will be initially reviewed by DEA Compliance. The review process may include reviewing the customer's purchase history for the previous 12 months; reviewing the customer's history regarding pended rules, and/or analyzing any other relevant data or information.

6.2.2 If the order is not consistent with the customer's previous order history and there is not a previous explanation from the customer, the DEA Compliance Team will email Customer Service to contact the customer for clarification about the quantity ordered.

Customer Service

6.2.3 Customer Service will contact the customer to request the reason for the increase/change in ordering pattern. Questions posed by Customer Service to the customer will be "open-ended" and customer accounts will not be

SOP #:	SOP- 8277
TITLE:	Suspicious Order Monitoring - DEA Order Holds

guided to provide the “right” answer. Customer responses will be documented.

- 6.2.4 Customer Service will forward any information received from the customer to the DEA Compliance Team for review.
- 6.2.5 If a customer does not satisfactorily respond to a Customer Services inquiry, the appropriate Sales Associate will be contacted and instructed to obtain an explanation from the customer. If there is still not a satisfactory response, the order may be cancelled as per 6.4 and 6.5.
- 6.2.6 If a customer requests that a pending order be canceled without proper explanation, it will be reported to DEA as suspicious.

6.3 Clearing an Order from Hold

DEA Compliance

- 6.3.1 An order may be released in ORACLE for fulfillment if it meets one or more of the following criteria:
- The order is within previous purchasing history trends.
 - The order has not exceeded “all” usual and customary trends.
 - Total orders received are not more than 10 percent over their usual and customary limits.
 - The customer provides a reasonable explanation for the increase in orders.
 - Any other relevant data.
- 6.3.2 DEA Compliance will document the reason the order was released in the ORACLE comments field.
- 6.4 Orders That Cannot Be Cleared / Targeted Site Visits
- 6.4.1 If an order cannot be cleared of suspicion using the procedures in 6.3, the line item will be brought to the attention of DEA Compliance Management.
- 6.4.2 DEA Compliance Management will provide guidance on how to proceed based on the evidence gathered to date.
- 6.4.3 At the direction of DEA Compliance Management, direct communication may be warranted between TEVA and the customer’s SOM Subject Matter Experts. This communication is to determine the compliance risks

SOP #:	SOP- 8277
TITLE:	Suspicious Order Monitoring - DEA Order Holds

to TEVA of continuing to do business, and if the customer is compliant with all pertinent state and federal statutes and regulations.

6.4.4 If DEA Compliance discovers extraordinary information regarding the customer, advice will be sought from Legal.

6.4.5 If DEA Compliance Management believes that a site visit is needed to best determine the compliance risks to TEVA of continuing to do business, the Suspicious Order Oversight Team will be informed of any and all information regarding the customer and any possible risk.

Suspicious Order Oversight Team

6.4.6 The Suspicious Order Oversight Team will determine if a site visit is warranted. If a site visit is warranted, it will be conducted as per SOP-8280.

6.5 Reporting a Suspicious Order to DEA

6.5.1 If the decision of DEA Compliance is to report an order to DEA as suspicious, DEA Compliance will notify Customer Service Management via email and will request that the line item be cancelled in Oracle, if it has not already been done.

Customer Service

6.5.2 Upon notification from DEA Compliance, Customer Service will cancel the line item and will notify DEA Compliance in writing once completed.

DEA Compliance

6.5.3 DEA Compliance will notify the Local DEA Field Office in writing of the following within 24 hours of the completion of the investigation:

- date the order was placed;
- name, address and registration number of the customer;
- name, strength and quantity ordered
- reason the order was deemed suspicious.

The "Suspicious Order Notification Letter" will be sent via overnight mail with a signature receipt.

6.5.6 Once an order has been reported to DEA as suspicious, DEA Compliance Management will conduct a review of the account and will recommend a course of action to the Suspicious Order Oversight Team, and document an appropriate resolution to mitigate all compliance risks to TEVA (e.g., monitor the accounts purchases for 6 months, conduct a site visit/audit, terminate the relationship with the customer, or suspend the customer's

SOP #:	SOP- 8277
TITLE:	Suspicious Order Monitoring - DEA Order Holds

ability to order one or more of the following: all controlled substances, all listed chemicals, all controlled substances within one or more specific schedules such as CIIs, or a specific drug code).

6.6 Suspending Shipments / Account Termination

Suspicious Order Oversight Team

6.6.1 The standard the Suspicious Order Oversight Team will use to determine whether to suspend shipments or terminate a customer relationship, is whether it is more likely than not that the customer is permitting controlled substances to be diverted, whether knowingly, or due to possible negligence in complying with its obligations for professional practice. Decisions will be made on a case-by-case basis and will depend upon a full consideration of circumstances, including, but not limited to:

- Ordering patterns of the customer (e.g., mostly high dosage units of hydrocodone as opposed to a wide range of dosage units).
- Product mix (controlled substances compared with non-controlled substances.)
- Size and frequency of the orders.
- Publicly available information about the customer.
- Other information provided to DEA Compliance by the customer or others.
- Whether the customer has written policies and procedures to detect and prevent diversion including a SOM program that meets DEA requirements.

DEA Compliance

6.6.2 If it is the decision of the Suspicious Order Oversight Team to restrict or terminate a customer's purchasing ability, DEA Compliance will notify A/R Management of that decision in writing. Any such restriction or termination will be documented on the DNS as per SOP-8278.

DEA Compliance

6.6.3 DEA Compliance will make the appropriate changes to the customer's account in the SORDS system.

6.6.4 If it is the decision of the Suspicious Order Oversight Team to keep a customer open and unrestricted, then the customer may be required to complete certain action item to mediate risk to TEVA and themselves such as: establishing written policies and procedures on anti-diversion, establishing an SOM program that meets DEA requirements, or making changes to its operations and agreeing to maintain those changes.

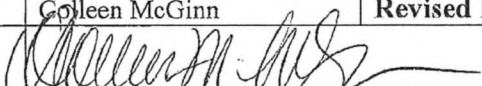

SOP #:	SOP- 8277
TITLE:	Suspicious Order Monitoring - DEA Order Holds

- 6.6.5 If the customer refuses to make the necessary changes, TEVA will take appropriate and timely action against the customer to mitigate the compliance risk to TEVA.
- 6.6.6 DEA Compliance will notify DEA of any suspicious orders, including any action taken to terminate a customer or restrict a customer's ability to order controlled substances or listed chemicals.
- 6.6.7 DEA Compliance will place on its "Do Not Ship List" any customer that TEVA restricts or terminates their ability to order controlled substances or listed chemicals.
- 6.7 Re-Establishing a Closed Account
- 6.7.1 See SOP-8279, Customer Due Diligence, 6.4.
- 6.8 SOM Record Keeping
- 6.8.1 An electronic log will be maintained of all pended/released orders that contains the following information:
- Order Number
 - Order Item (NDC Number)
 - Item Description
 - Quantity
 - Bill to Customer
 - Extended Price
 - Ship to Address
 - Ship to Location (Ship to Number)
 - Explanation for Order Release
 - Order Release Date
- 6.8.2 The electronic log referenced in 6.8.1 will be reviewed weekly for trends, patterns, appropriateness, and/or any other reason deemed necessary.
- 6.8.3 Documentation will be kept for all orders that require a site visit or have been reported to DEA, or if the customer's purchasing abilities have been restricted. A file will be maintained and held by DEA Compliance for a period 2 years from the date the investigation was closed.
- 6.8.4 An electronic log titled "Do Not Ship List" will be maintained by DEA Compliance, per SOP-8278, Do Not Ship List.

QUIZ

1. TEVA's electronic order monitoring system (SORDS) uses statistical calculations to identify potential suspicious orders of unusual size, pattern or frequency.

TRUE or FALSE

2. Once an order has been identified by SORDS and "pending", it can only be released by a member of Customer Service.

TRUE or FALSE

3. A targeted customer site visit is required for all customers who have an order identified and "pending" by SORDS.

TRUE or FALSE
